Some of my graduates have gone on to or will be going to graduate school. Two have received Ph.D.; another to receive his Ph.D. soon.

Georgia Institute of Technology
Missouri State University
University of Arkansas at Littlerock
University of Maryland at College Park
University of Missouri at Columbia
University of North Carolina
University of Tennessee at Knoxville
University of Texas at Dallas

Five students (up to 2026) have been selected to take part in REU (Research Experiences for Undergraduates – a nationwide NSF-funded summer research program) at the following schools:

University of Missouri at Columbia
Missouri University of Science and Technology

Startups/companies

The following are startups/companies created by some of my graduates.

Mawu Consulting
Pastel Software Solutions
Solar3K
Turning Gear
Truss (subsidiary of Lincoln Labs)
Upgrade Energy

Scholarships

I have scholarships targeting some countries (some in place and some to come):

Nepal	Vietnam
Japan	Thailand
South Korea	Malaysia
India	Indonesia
China	Pakistan

Contact

As I was saying ...

- Do you want to join a strong Computer Science program?
- Do you want Computer Science scholarships?
- Do you want to join a network of successful Computer Science alumni?
- If you are an international, do you want 3 years of STEM OPT authorization to work in the USA?

Then let's talk! Hope to hear from you soon!!!
